International Association  
of Gaming Regulators

## CALL FOR SPEAKERS

A background image of a casino floor. In the foreground, a roulette wheel is visible with a golden ball. In the background, a craps table is being played by a croupier. The image is partially obscured by a large blue diagonal shape on the left side.

# A KICKSTART FOR COLLABORATION

Sparking innovation in regulatory practice

**Conference Week 17 - 20 October 2022 Melbourne, Australia**  
Including the annual International Regulatory Awards 2022

MELBOURNE, AUSTRALIA OCTOBER 2022

# WHY SPEAK AT IAGR 2022?

IAGR2022 'A kickstart for collaboration' will build on the great discussions we had in Boston on disruption and sparking global regulatory innovation.

We're still living through the greatest disruptive event of our generation – as true for the regulated businesses in our sector as it is for the consumers we aim to protect.

IAGR2022 will look at lessons learnt through this time of disruption and the lens of innovation to see how they can help point us to a more front-foot regulatory future.

How have the last two years changed our way of thinking? Where has it strengthened our resolve on what we knew before? How has it encouraged us to throw off old thinking, processes or policies and to best reflect the cultural, technological and consumer change seen over the last 20 months?

Speaking at IAGR2022 is your opportunity to extend your reach and impact and provoke thinking and debate – whatever your field of expertise.

Challenge and inspire delegates towards bold innovation in regulatory practice. Excite conversation, a contest of ideas and influence policy makers, regulatory leaders and industry stakeholders towards more efficient and effective gambling regulation. All to underpin a secure, vibrant, sustainable, safe and responsible industry.

Head to <https://iaogr.wildapricot.org/event-4647067> and secure your spot to speak at IAGR2022 Melbourne now.
