CALL FOR SPEAKERS

20 – 23 OCTOBER 2025

RESILIENT REGULATION: EXPLORING WHAT WORKS, WHY AND WHAT'S NEXT

iagr

For more information visit iagr.org

Are you ready to shape the future of global gaming regulation?

IAGR is inviting thought leaders, innovators and experts to share insights on the challenges and opportunities shaping gaming regulation.

This is your chance to spark bold conversations, challenge the status quo and empower a global community of gaming regulators to take action.

WHY SPEAK AT IAGR2025?

Speaking at IAGR2025 is an unparalleled opportunity to:

- **Inspire global impact:** Your insights will help shape the future of gaming regulation and foster positive change worldwide

- **Lead the conversation:** Be part of the critical discussions shaping policy and driving progress

- **Collaborate and innovate**: Engage with regulators, policymakers and stakeholders to build resilient regulatory practices

IAGR conferences are catalysts for action. With delegates from around the globe, Toronto will be the stage where forward-thinking solutions meet pressing challenges, such as combatting illegal gambling, leveraging data and AI responsibly and ensuring sustainable, player-focused innovation.

Are you ready to lead the conversation? Visit iagr.org to submit your proposal before 28 February 2025.

TOPICS OF INTEREST

Here are just some of the topics that align with our theme, 'Resilient regulation: Exploring what works, why and what's next'.

This list is a guide, and we welcome fresh, innovative ideas. If you have a unique perspective or an emerging topic to share, we'd love to hear from you.

- AI and data analytics enhancing regulation and player protection
- Regulating emerging technologies
- Combating illegal gambling and cross-border enforcement
- Efforts to combat match-fixing and insider betting
- Risk-based supervision strategies
- Building effective international collaborations
- Responsible gambling innovation and harm minimisation
- Defining and measuring gambling harm
- Lessons from regulatory failures
- Gaming taxation and economic impacts
- Addressing organised crime and money laundering
- Positive behavioral insights and safer gambling approaches
- ESG frameworks in gambling regulation
- Cybersecurity in a digital gambling environment
- Regulating eSports gambling and ensuring integrity
- Tackling advertising challenges in changing public sentiment
- Blockchain, cryptocurrency and the future of payments
- Cybersecurity threats and opportunities
- Reducing regulatory burden and the cost of compliance

SPEAKER SUBMISSIONS

SPEAKER AND PANELIST REQUIREMENTS

Submit your application by 28 February 2025 to be considered. Applications must include:

1. A title and abstract (300 words or less)
2. Your name, role, organisation and a short bio
3. Preferred format:
   - 20-minute presentation: Sharp, impactful insights
   - 40-minute presentation: In-depth exploration of complex ideas
   - 60-minute panel discussion: Please specify if you have other panelists in mind
4. An explanation of how your topic aligns with the conference theme: 'Resilient regulation: Exploring what works, why and what's next'
5. Confirmation of originality: Let us know if your presentation has been delivered elsewhere

SPEAKER COMMITMENTS

Selected speakers will:
- Agree to be photographed and recorded during the conference
- Support marketing efforts through their networks and social media (with assistance from IAGR)
- Provide a short video preview of their session or write a short article (600 words) for IAGR's promotional use

SPEAKER REGISTRATION

- Non-member speakers: Discounted speaker rate to register for the full conference and social events
- IAGR member speakers: Reduced member rate to register for full conference and social events
- Travel and accommodation are the speaker's responsibility

Visit iagr.org to submit your proposal by 28 February 2025. Selected speakers will be notified by 31 March 2025.
